WEEKLY REPORT CORRECTIONS

To increase the reference value of its editorial matter, Congressional Quarterly periodically publishes corrections and clarifications of its Almanac, Weekly Report and supplements. CQ corrects major errors as they are noted and assembles other corrections at the end of each quarter.

The following corrections are to be made in the 1959 Weekly Report:

Page 1375, Column 1 -- In caption for Senate Roll Call 150, the date should read Aug. 12 (not 13).

Page 1417 -- In title, delete "Allocations" and substitute "Allotments." Delete entire introductory paragraph and substitute: The Commerce Department Oct. 11 released a schedule showing how much Federal money the individual states could commit in fiscal 1960 and 1961 on primary, secondary and urban roads (so-called ABC roads) and on the National Interstate and Defense Highway System. The figures for fiscal 1960 represent the amount the states were permitted to commit under the contract controls imposed Oct. 6 by the Bureau of Public Roads; the \$1.8 billion interstate total contrasted with \$2.5 billion authorized by Congress and actually apportioned among the states. The 1961 figures represent the initial apportionment for 1961.

Page 1425 -- Sen. Alan Bible's (D Nev.) score in column 1 should read: 88 percent (not 8 percent).

Page 1430, Column 1 -- Under "National Guard," second paragraph should read: LeMay told an Air Force seminar Sept. 25 (not early in October).

Page 1430, Column 2 -- Under "Pressure Points," last two lines of School Aid, after S 8, should read: that was reported Sept. 12 (S Rept 1011).

Page 1432, Column 2 -- Under "Space Dispute," third sentence of first paragraph should read: The action, to be taken under the National Aeronautics and Space Act

(PL 85-568) (not Government Reorganization Act). The last sentence of the same paragraph should read: The proposed transfer, to be submitted to Congress in 1960, would take effect automatically unless rejected by Congress, through adoption of a concurrent resolution, within 60 days after its submission (not by House or Senate).

Page 1526, Column 1 -- First line, name should read: Felton M. Johnston (not Johnson).

Page 1570, Column 2 -- Under "Foreign Group," registrant's name should read: Robert R. Radenberg (not Randeberb).

The following correction should be made in the "Presidential '60" supplement:

Page 9 -- Housing Vote 4, date should read: Aug. 12 (not 13).

Large Chart -- There will be no runoff in the Virginia Congressional primary. Delete Aug. 16.

Page 30 and Large Chart -- The date of the Michigan Congressional primary should be Aug. 2, not Aug. 22.

Page 30, Column 2 -- The run-off date for the Alabama Congressional primary should be May 31 (not May 29).

The following correction should be made in the "Congress 1959" supplement:

Page 31 -- Vote 11, date should read Aug. 12 (not 13).

The following corrections should be made in the 1959 Almanac:

Page 395, 397 (charts) -- In Missouri's 4th District and New York's 43rd, the late Reps. Christopher and Reed are listed as voting. The votes should be credited to their successors: Randall (D Mo.) and Goodell (R N.Y.). In Ohio's 6th District the name of the late Rep. Polk should be replaced by Vacancy.
